GENL & REV SECTT

Sir,

I have the honour to state that Government in their Order No. L. 112-15/Ml. 246-31-14 dated 6/8th July 1933, sanctioned an estimate for Rs. 1.5 lacs for the improvement of the water supply, Mysore City.

In the estimate, item No. vi provides Rs. 27,100/- for the purchase and installation of an additional pumping set of 3.5 million gallon capacity, at the Belagola pumping station.

The pump was purchased after calling for tenders and its installation was put in hand. In the course of execution of the work it was found necessary to deviate the sanctioned estimate in certain items. The details of and the necessity for these deviations are explained in the report which accompanies the estimate. Certain items of work are extra, not provided for in the original sanctioned estimate. The cost of these extra works has been met out of the savings in other items of the original estimate. The total amount of the modified estimate is therefore the same as that of the sanctioned estimate.

In the above circumstances, I request you to be so good as to obtain and convey early sanction of Government to the modified estimate now submitted.

I have the honour to be,
Sir,
Your most obedient servant,

Director of Health.
